INTERNATIONAL BUSINESS MANAGEMENT

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** the questions.

1. What is International Trade?
2. List out any two forms of International Business.
3. What is Commodity?
4. Define Trade Barriers.
5. What is exchange rate system?
6. Define Purchasing power parity theory.
7. Define GATT.
8. What is FDI?
9. What is export and import?
10. What is SEZ?

Part B

(5 × 5 = 25)

Answer **all** the questions.

11. (a) Explain the nature of International Business.

Or

- (b) Briefly explain the Opportunity Cost Theory.

12. (a) Explain the Balance disequilibrium.

Or

- (b) Discuss about the Buffer stock agreements.

13. (a) What are the Functions of Foreign Exchange Management?

Or

- (b) Explain about the Currency Exchange risk.

14. (a) Explain about the factors affecting International Investment.

Or

- (b) Discuss about the Evaluation of UR agreement.

15. (a) Explain about the implications of globalization.

Or

- (b) State the International Trade payment terms.

Part C

(3 × 10 = 30)

Answer **all** the questions.

16. (a) Explain the nature and characteristic of International Business.

Or

- (b) Explain the documentation of Import trade.

17. (a) What is EXIM bank and explains the functions of EXIM Bank.

Or

- (b) (i) List out the Objectives of SAARC.
(ii) Draw an Organization Structure of European Union.

18. (a) Explain in detail about the FEMA.

Or

- (b) What is disequilibrium in Balance of Payment? Explain the causes of disequilibrium.

FUNDAMENTALS OF LOGISTICS

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** the questions.

1. List the types of vessels.
2. Write a note on Logistics and Customer service.
3. What do you mean by “Logistics in export business”?
4. Define LIS.
5. Define LCL.
6. What is Markets and competition in Logistics?
7. Write short notes on Ocean Shipping procedure.
8. Describe the forces driving globalisation.
9. What is Ocean freight rates?
10. What are stevedores?

Part B

(5 × 5 = 25)

Answer **all** questions.

11. (a) Explain the Seven Rs of Logistics Management.

Or

- (b) Write a detailed note on the functions of Stevedores.

12. (a) Describe the Shipping formalities.

Or

- (b) Enumerate on financial issues in Logistics performance.

13. (a) Explain the importance of “Integrated Logistics”.

Or

- (b) Explain the supply chain performance measures.

14. (a) Explain the concept of RFID.

Or

- (b) Describe the activity centres in integrated logistics.

15. (a) Explain in detail on organising Global Logistics.

Or

- (b) Explain the ways to overcome on barriers to global logistics.

Part C

(3 × 10 = 30)

Answer **all** questions.

16. (a) Explain in the different phases in Customer service.

Or

- (b) Mention the significance of Customer retention in Organisation's success.

17. (a) Explain the importance of Logistics and supply chain Management in today's era.

Or

- (b) Briefly explain the guidelines for packing and materials handling.

18. (a) Write a detailed note on the strategic issues in Global logistics.

Or

- (b) Discuss the Logistics Management in Export business.

PRODUCTIONS AND MATERIALS MANAGEMENT

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** questions.

1. Define materials management.
2. State any two principles of plant layout.
3. What is materials Handling Labour Ratio (MHL)?
4. What is meant by Time studies?
5. What is negotiation?
6. Why vendor rating is needed?
7. What is Bin Card?
8. What is meant by FSN analysis?
9. What is benchmarking?
10. What are the types of inspection?

Part B

(5 × 5 = 25)

Answer **all** the questions.

11. (a) Discuss the scope of production management.

Or

- (b) Explain the factors influencing plant location.

12. (a) Discuss the importance of materials handling.

Or

- (b) Write a note on materials handling equipments.

13. (a) Discuss the need for integrated materials management.

Or

- (b) Explain the criteria for vendor rating system.

14. (a) Explain the advantages of ABC analysis.

Or

- (b) Write a note on Lead Time Analysis.

15. (a) Discuss the quality management principles under ISO 9000.

Or

- (b) What is Total Quality Management (TQM)?

Part C

(3 × 10 = 30)

Answer **all** questions.

16. (a) Explain the functions of production management.

Or

- (b) Discuss the principles of materials handling.

17. (a) Discuss the fundamental principles of materials management.

Or

(b) Explain the functions of inventory.

18. (a) Explain the various quality control methods.

Or

(b) Discuss the procedure for obtaining ISO certification.

FINANCIAL MANAGEMENT

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** the questions.

1. What is financial management?
2. Define equity shares.
3. List out two scope of financial management.
4. What is an investment decision?
5. What is cost of capital?
6. What is discounted cash flow method?
7. When do companies declare dividend?
8. What is working capital management?
9. What is operating leverage?
10. Define Net Income approach.

Part B

(5 × 5 = 25)

Answer **all** questions.

11. (a) Explain the various sources of long term finance.

Or

- (b) Explain the scope of financial management.

12. (a) What is Dividend? Explain the types of Dividend.

Or

- (b) List out the merits and demerits of preference shares capital.

13. (a) Siemens Ltd issues Rs.10,00,000, 8% debentures at par. The tax rate applicable to the company is 50%. Compute the cost of debt capital.

Or

- (b) Mention the importance of cost of capital.

14. (a) If the project cost is 50,000 and the cash inflows is 20,000. Calculate payback period?

Or

- (b) State the different types of debentures and Explain.

15. (a) Differentiate capital structure and financial structure.

Or

- (b) Discuss the various actors affecting capital structure.

Part C

(3 × 10 = 30)

Answer **all** questions.

16. (a) Explain the factors affecting the dividend policy.

Or

- (b) Write a note on the uses of operating and financial leverage.

17. (a) What is capital budgeting? Explain the need and importance of capital budgeting.

Or

- (b) Calculate degree of operating leverage and financial leverage for the given companies from the given information

Particulars	IBM	IJM
Sales	6,00,000	9,00,000
Variable cost	3,00,000	4,00,000
Fixed Cost	2,00,000	3,00,000

18. (a) Zinger Burger Ltd has 4 types of capital and the cost of capital associated with it. Identify weighted average cost of capital for book value and market value.

Types of capital	Book Value (R.)	Market Value (Rs.)	Specific Cost (%)
Debentures	4,00,000	5,00,000	5
Preference Shares	3,00,000	2,00,000	8
Equity	6,00,000	8,00,000	10
Retained earnings	2,00,000	2,00,000	12
Total	15,00,000	17,00,000	

Or

- (b) Explain the factors affecting working capital requirements.

IT SKILLS

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** questions.

1. What is Unicode?
2. Write the short cut for opening, closing, cut and copy commands in Windows.
3. State the difference between auto text and auto correct.
4. Is it possible to do sorting in descending order in a Table in a Word Processor. If yes, how?
5. Define the term range in a excel spreadsheet.
6. Define the term relative reference.
7. What is smart art in office applications?
8. How to embed a graph from excel sheet to powerpoint presentation?
9. Define the term sql.
10. What is a radio button in form control?

Part B

(5 × 5 = 25)

Answer **all** questions.

11. (a) State the list of menu bars available in Windows. Explain in detail.

Or

- (b) State and explain the purpose of the following : accessibility tools.

12. (a) List and explain the type of paragraph formats in a word processor.

Or

- (b) How to adjust font the size, type and spacing in a word processor. Give an example.

13. (a) Write and discuss about the functions for computing mean, median and mode of given data in a column.

Or

- (b) What is auto fill in a spread sheet? How to create a reusable custom auto fill list.

14. (a) What is template in Powerpoint? How user defined templates are created?

Or

- (b) How animations are created in Powerpoint? Is it possible to record the slide show? If yes, how?

15. (a) What is the role of Access in office product. Explain its salient features.

Or

- (b) List out some of the databases commercially and open source available. Discuss.

Part C

(3 × 10 = 30)

Answer **all** questions

16. (a) What are tables in word processor. What are the various formatting features applied. Discuss.

Or

- (b) What is mail merge? Explain the steps to create a mail merge.

17. (a) Is it possible to format a table in excel. How basic calculations are computed in excel.

Or

- (b) What is goal seek scenarios? Explain in detail.

18. (a) What is smart art in a presentation tool? List and explain some of the smart arts available.

Or

- (b) Write the steps to create a database in MS–Access. Discuss about the procedures to add, delete and modify a record. Write the procedure to display all the records in a table.

Answer **all** questions.

1. What is public warehouse?
2. What is sequencing in warehouse?
3. How to improve warehouse efficiency?
4. State any two functions of warehouse.
5. List out the essential features of warehouse storage systems.
6. Write a note on role of inventory management in supply chain.
7. Define inventory cost.
8. State the features of Just-in-time system.
9. What is tracking?
10. What do you mean by inventory records?

Part B

(5 × 5 = 25)

Answer **all** questions.

11. (a) Explain the various types of warehouse with examples.

Or

- (b) Discuss the factors determining the selection of warehouse.

12. (a) Explain the key activities in warehouse operations.

Or

- (b) Explain the capacity and layout aspects of warehouse.

13. (a) Distinguish between centralized and decentralized storage systems.

Or

- (b) Explain the advantages of palletized storage systems.

14. (a) Explain the various types of inventory.

Or

- (b) Describe the activities of warehouse management systems and state its features.

15. (a) Explain the benefits of bar coding.

Or

- (b) What is validation? Explain its purpose and types.

Part C

(3 × 10 = 30)

Answer **all** questions.

16. (a) What is an ideal warehouse? Elaborate its characteristics and structure.

Or

- (b) Why is location important in warehouse? Explain the advantages of correct location of warehouse.

17. (a) Elaborate the factors to be considered for the effective use of warehouse.

Or

- (b) Explain the assumptions of the economic order quantity model. Discuss how EOQ is calculated and state its limitations.

18. (a) Explain the steps involved in the ABC systems of inventory control. State its disadvantages.

Or

- (b) Explain the principle and benefits RFID.
