Second Semester

Logistics and Shipping

FUNDAMENTALS OF LOGISTICS

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** questions.

1. Define logistics.
2. What are the key objectives of logistics?
3. Define International Commercial Terms.
4. What is RFID in Shipping terms?
5. What is the role of shipping intermediaries in logistics?
6. What is unitization in logistics?
7. Identify one strategic issue in global logistics.
8. Define Containerization.
9. What is a drawback in logistics?
10. What does “goods in transit” refer to in logistics?

Part B

(5 × 5 = 25)

Answer **all** questions, choosing either (a) or (b).

11. (a) Explain the logistics management.

Or

- (b) State the elements of logistics.

12. (a) What are the different types of logistics in retail?

Or

- (b) Bring out the role of logistics management.

13. (a) What are the goods transported by sea?

Or

- (b) List out the four shipping markets.

14. (a) Explain the strategic role of logistics.

Or

- (b) Write a short notes on cash flow costs.

15. (a) Describe the importance of logistics.

Or

- (b) Explain the logistics interface with marketing.

Part C

(3 × 10 = 30)

Answer **all** questions, choosing either (a) or (b).

16. (a) Discuss the advantages of logistics management.

Or

- (b) Explain the concept model in logistic management.

17. (a) Discuss the function of the logistics strategy.

Or

(b) Explain the concept of designing and implementing logistical Strategy.

18. (a) Discussing the different shipping markets.

Or

(b) Explain the benefits of ship registration.

BUSINESS COMMUNICATION

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** questions.

1. Define the term communication.
2. List out the kinds of business letters.
3. What is letter of complaints?
4. What is letter of the editor?
5. List the benefits of agenda.
6. State the role of minutes.
7. Define reports.
8. How will you organise a report?
9. Write a note on internal communication.
10. Define the term precise writing.

Part B

(5 × 5 = 25)

Answer **all** questions, choosing either (a) or (b).

11. (a) Briefly explain the objectives of communication.

Or

- (b) Explain the benefits of communication.

12. (a) Explain briefly the qualities of a good business letter.

Or

- (b) Describe about the execution of orders.

13. (a) Explain the functions of good banking correspondence.

Or

- (b) Describe about the stages of agency correspondence.

14. (a) Describe the types of business reports.

Or

- (b) Write a brief note on the steps in report preparation.

15. (a) Discuss the concept of internal communication.

Or

- (b) Briefly explain the merits of various devices for internal communication.

Part C

(3 × 10 = 30)

Answer **all** questions, choosing either (a) or (b).

16. (a) Discuss the information technology for communication.

Or

- (b) Describe qualities of a good business letter.

17. (a) Explain about the terms of agency.

Or

- (b) Discuss the various kinds of report.

18. (a) Elucidate the communication media and its importance.

Or

- (b) Elaborate the principles of communication.

PRODUCTIONS AND MATERIALS MANAGEMENT

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** questions.

1. What is meant by Production Management?
2. Define: Routing.
3. What are the types of maintenance?
4. What is known as Time Study?
5. What is meant by Organization of Materials Management?
6. Define: Purchasing.
7. Define: Inventory.
8. What is the use of Bin Card?
9. Define: Quality Control.
10. Define: Bench Marking.

Part B

(5 × 5 = 25)

Answer **all** questions, choosing either (a) or (b).

11. (a) Write briefly about the Plant Location.

Or

- (b) Elucidate about Dispatching briefly.

12. (a) Explain in short about Materials Handling.

Or

- (b) Explain briefly about Methods Study.

13. (a) Discuss in short about the fundamental principles of Organization of Materials Management.

Or

- (b) Make a brief note on Vendor Development.

14. (a) Explain about VED Analysis in short.

Or

- (b) Explain in short about Location of Stores.

15. (a) Distinguish between Centralized and Decentralized Quality Control in short.

Or

- (b) Explain shortly about the features of ISO.

Part C

(3 × 10 = 30)

Answer **all** the questions, choosing either (a) or (b).

16. (a) Explain in detail about the functions and scope of the production management.

Or

- (b) Elucidate in detail the principles and information flow of Product Layout.

17. (a) Explain in detail about importance and principles of Materials Handling.

Or

- (b) Discuss in detail about the Structure of Organization of Materials Management.

18. (a) Illustrate in detail about FSN Analysis.

Or

- (b) Explain about the procedure for obtaining ISO in detail.

FINANCIAL MANAGEMENT

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** questions.

1. Define the term financial management.
2. What is wealth maximization?
3. Define the term cost of capital.
4. What is meant by financial leverages?
5. Define capital structure.
6. What is dividend policy?
7. What is operating cycle?
8. Define the term inventory.
9. What is capital budgeting?
10. What is payback method?

Part B

(5 × 5 = 25)

Answer **all** questions, choosing either (a) or (b).

11. (a) State the significance of financial management.

Or

- (b) What are the goals of financial management?

12. (a) What are the components of cost of capital?

Or

- (b) A company issues 10% irredeemable debentures of Rs. 1,00,000. The company is in the 55% tax bracket. Calculate the cost of debt (before as well as after tax) if the debentures are issued at

- (i) Par
- (ii) 10% discount and
- (iii) 10% Premium.

13. (a) What are the factors which influence the dividend policy of a firm?

Or

- (b) What are the Different types of dividend policies?

14. (a) What are the advantages of working capital?

Or

- (b) What are the objectives of cash management?

15. (a) A project costs Rs. 10,00,000 and yields an annual cash inflow of Rs. 2,00,000 for 10 years. Calculate its pay – back period.

Or

- (b) What are the objectives of capital budgeting expenditure?

Part C

(3 × 10 = 30)

Answer **all** questions, choosing either (a) or (b).

16. (a) Attempt a short note on the responsibility of financial management.

Or

- (b) Discuss briefly the different approaches to the computation of the cost of the equity capital.

17. (a) Critically examine the Net Income and Net operating income approach to capital structure.

Or

- (b) Discuss the factors which influence the size of receivables.

18. (a) Explain the important steps in the capital budgeting process.

Or

- (b) Critically examine the various methods of evaluating capital budgeting proposals. Discuss their advantages and disadvantages.

SUPPLY CHAIN AND DISTRIBUTION MANAGEMENT

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** questions.

1. Define supply chain management (SCM) and its evolution.
2. List the thrust areas of SCM.
3. What are the features and benefits of distribution networks?
4. What factors influence distribution network decisions?
5. What is transportation's role in the supply chain process?
6. Name the modes of transportation and the selection process.
7. What factors affect transportation performance?
8. How do transportation routing decisions affect SCM?

9. What are the benefits of transit operation software?
10. How does intermodal freight technology improve transportation?

Part B (5 × 5 = 25)

Answer **all** questions, choosing either (a) or (b).

11. (a) Explain the evolution of supply chain management (SCM) and its significance in modern business.

Or

- (b) Discuss the role of logistics and value chain fundamentals in optimizing supply chain performance.

12. (a) Enumerate the features and benefits of distribution networks in SCM.

Or

- (b) Explain the planning process involved in designing distribution networks and its importance in SCM.

13. (a) Describe the role of transportation in the supply chain process and its impact on overall logistics efficiency.

Or

- (b) Identify the factors influencing transportation decisions in SCM and explain their significance.

14. (a) Discuss the key performance indicators used to measure transportation performance in SCM.

Or

- (b) Identify the factors affecting transportation performance and explain their implications for supply chain management.
15. (a) Outline the benefits of using transit operation software in transportation management.

Or

- (b) Explain the features of advanced fleet management systems and their significance in optimizing logistics operations.

Part C

(3 × 10 = 30)

Answer **all** questions, choosing either (a) or (b).

16. (a) Discuss the fundamental principles of logistics and value chain management within the context of SCM, emphasizing their importance in achieving competitive advantage.

Or

- (b) Evaluate the significance of an integrated SCM approach in today's global business environment, citing examples of successful implementation strategies.
17. (a) Analyze the features and benefits of distribution networks, providing examples to illustrate their practical implications in SCM.

Or

- (b) Evaluate the role of transportation in the supply chain process, considering its implications for inventory management, customer service and cost control.
18. (a) Evaluate the effectiveness of different performance measures in assessing transportation performance, considering their ability to capture both operational and strategic aspects of logistics.

Or

- (b) Evaluate the benefits of transit operation software in transportation management, considering their impact on fleet optimization, route planning, and cost reduction.

B.B.A. DEGREE EXAMINATION, APRIL 2025

Fifth Semester

Logistics and Shipping

STEVEDORING AND PORT OPERATIONS

(2019 onwards)

Duration : 3 Hours

Maximum : 75 Marks

Part A

(10 × 2 = 20)

Answer **all** questions.

1. What do you mean by broken stowage?
2. What is pilfering?
3. What is flow moisture point?
4. What is a Container?
5. What are the contents of IMDG code?
6. What is placarding?
7. Define Bale capacity.
8. What is FCL?
9. What is Hazard?
10. What is pre stuffing?

Part B

(5 × 5 = 25)

Answer **all** questions, choosing either (a) or (b).

11. (a) Distinguish between bale capacity and grain capacity.

Or

- (b) What are the documents involved in cargo documentation?

12. (a) What are the safety precautions meant for holding bulk cargoes?

Or

- (b) What are the precautions when carrying concentrates?

13. (a) What are the types of Cargo Pipeline System?

Or

- (b) What are the various types of refrigerated cargoes?

14. (a) What are the powers of inspector under the Dock Labourers Act, 1934.

Or

- (b) Explain:

- (i) Spar ceiling,
- (ii) Loading and ventilation.

15. (a) What are the obligations of dock workers?

Or

- (b) Explain the Concept of Containerization.

Part C

(3 × 10 = 30)

Answer **all** questions, choosing either (a) or (b).

16. (a) Explain
- (i) Heavy lift Jumbo Derrick
 - (ii) Tanker operation system
 - (iii) Cargo hazards.

Or

- (b) What are the general physical characteristics of containers?
17. (a) Explain in detail about the genesis of Freight Forwarding.

Or

- (b) What are the various principles in stowing cargoes?
18. (a) Write a note on Dock Laborers Act, 1934.

Or

- (b) Explain the various sectors of the container market?
