**THEORETICAL PERSPECTIVES IN PSYCHOLOGY**

**(CBCS 2018–19 Academic Year onwards)**

**Time : Three hours**

**Maximum : 75 marks**

**PART A — (10 × 2 = 20 marks)**

**Answer ALL questions.**

1. Define learning.
2. What do you mean by Upanishads?
3. What is personality?
4. Write short note on existential approach.
5. What is creativity?
6. Define the term attention.
7. Write short note on therapeutic application in personality.
8. Distinguish between perception and illusion.
9. Write down behavioural theory.
10. Describe figural after effect.

PART B — (5 × 5 = 25 marks)

Answer ALL questions, choosing either (a) or (b).

11. (a) Enumerate the neo-freudian approaches to motivation.

Or

- (b) Derive Hull's theory of motivation.

12. (a) Discuss ERG theory.

Or

- (b) Explain Kelly's personal construct.

13. (a) Explain the cognitive dissonance theory.

Or

- (b) Elaborate the models of memory.

14. (a) Explain about gestalt theory.

Or

- (b) Describe the Roger's theory.

15. (a) Write in detail about the present and future perspectives of psychology in India.

Or

- (b) Explain the theories of attention.

PART C — (3 × 10 = 30 marks)

Answer any THREE questions.

16. Explain the psycho-analytical approach with reference to Sigmund Freud.

17. Compare and contrast, classical conditioning vs operant conditioning.
  18. Discuss in detail about Maslow's Hierarchy of motive.
  19. Analyse Bandura's social learning theory and its applications.
  20. Elucidate the various approaches of psychology in the light of Vigotskian and Bruners theory.
